### Chapter 1 by kayla eileen

The night is so peace full at the water. I look at the ocean from my seat on the big ship I was on. wow almost 3 years and no one has came looking for me. Well no wonder why. They stopped looking for me once they found out I killed myself and some other people on this ship. Time fly's when your not dead, but it is way more slower when your dead and your by your self. Why did I kill them and my self? I had black hair, white eyes with a gold tint in them, and I was thin. My mother said no one will like or love me my dad thought the same. No one at school liked me I had no friends, no lover, I was alone and sad till I snapped and killed the people who hurt me. I did not know my other side killed them and me. "How could I have done that to them" I thought to my self as a stray tear fell from my face.

### Chapter 2 by Lauren

Afterlife is weird, I am in my own world just sailing on this boat. It is the same boat that I killed all those people on but they people's bodies are gone. The ocean seems to be never ending until I see an island about a mile away. I am slowly drifting in the direction of the island. Maybe there is people on the island? I will have to just wait and see.
